

Biology Laboratory Evaluation

The primary purpose of this appraisal is to help your instructor improve the quality of the laboratory and his/her instructional techniques. The more honest and objective your answers are, the more helpful the appraisal will be. Your participation is certainly appreciated. Please mark your answers on the Scantron sheet provided. Results of the appraisal will not be given to the instructor until after grades have been submitted

At the top of your scantron:

- Please place the **INSTRUCTOR'S NAME** in the "School or Organization" box.
- Place your class ID provided by the instructor in the "Grade and Section" box.

For each of the following statements, blacken the circle which corresponds to your level of agreement, given that:

A = Strongly agree

B = Agree

C = No opinion/not applicable

D = Disagree

E = Strongly disagree

Statements

1. The instructor seemed knowledgeable of the subject.
2. The lab policies were applied/enforced consistently.
3. The instructor's presentations were clear and easy to follow. (please elaborate on back)
4. The instructor encouraged students to engage in the learning process.
5. The instructor started lab on time.
6. The instructor was prepared for lab.
7. Learning goals/expectations were made clear to me.
8. I was informed of my grades in a timely manner. (typically one week)
9. My instructor was approachable/available outside of lab. (in person, by phone, via email, etc.)
10. Overall, this was a capable instructor.

PLEASE WRITE ANY COMMENTS ON THE BACK OF THE SCANTRON SHEET ANSWERING THE FOLLOWING:
